Guess the Fruit!

Get ready for a fun and interactive fruit-guessing challenge! In *Guess the Fruit!*, one player secretly picks a fruit—either by drawing a card from this printable flashcard set or using a photo—and the other player asks yes-or-no questions to figure out what it is. Questions can be about color, shape, taste, or texture. From familiar favorites like apples and bananas to exciting fruits like dragon fruit and kiwi, players will explore a colorful world of fruits while having fun. Print, cut, and laminate the cards for hours of reusable play—or go online to play solo or in a team from your laptop at slpa.ca!
